The Long Hot Summer ?

Editorial, D.C.J.

That favorite headline of the daily paper may be true of the crowded, cement and asphalt cities but has no familiar ring along our coast. The summer is so very short. Labor Day is the period at the end of a pleasant interlude and our hot days are soon to be recalled more with nostalgia than any other feeling. It is not for the fact that the clearest, most sparkling days of the year lie just ahead then Labor Day would be a dismal finale. September will bring the air of crystal. To gaze into its atmosphere is to see far islands larger than life. To breathe this ozone is to feel more vital and alive than humans are accustomed to feel. The onset of autumn is our finest feast of the spirit. These are the days to walk the shore and feel as one with the gods. It's a good future ahead. The zest for life begins as the heat abates. September is our escape from the ordinary.

CONFER WITH ENGINEERS

Selectmen conferred with Mattapoisett's consulting engineers at their last Selectmen's meeting on another delay caused by the Environmental Protection Agency to the town's sewer project. Tighe & Bond's Phil Sheridan and Ron Michalski were present as was Town Counsel Donald Fleming. The first 6 months delay in the sewer project occurred in the early spring of

this change coincided almost exactly with Mattapoisett's selection of Tighe & Bond. When the town asked for the new regulations the E.P.A. indicated that they did not know what they were and could not produce them. The new E.P.A. regulations have now arrived and a reading of them has assured officials that Mattapoisett's selection was in compliance with the then unpublished and unknown regulations. Now, the town is informed by the engineering firm that E.P.A. auditors object to the 20% profit margin that the engineers have figured for the planning of Mattapoisett's sewer project. The E.P.A. auditors want this figure reduced 5% which amounts to a \$4,120. reduction. The consulting firm in trying to talk directly to the E.P.A. office was forbidden to contact the auditors. Instead, they were informed that contact must be made in written form to the E.P.A. office in Boston, which would write to the Washington, D.C. E.P.A. office, which would write to the auditors, who would reply to the Washington, D.C. E.P.A., which would reply to the Boston

E.P.A. by letter, which would write to the consulting engineers. Mr. Sheridan estimated that this chain of letters could easily delay the progress of the project for another 4 to 6 months. Selectmen Chairman R. William Blasdale estimated that the whole thing could be cleared up in one hour of face-to-face discussion between the E.P.A., the engineers and the Selectmen. It is felt by both the Selectmen and the engineers that any long delay is going to cost the town great sums in construction dollars as inflation boosts the costs. Mr. Blasdale suggested that an early meeting be attempted with the E.P.A. so that another delay to the town's progress can be avoided. The engineers agreed to try to set up an appointment in Boston with the E.P.A. Town Counsel Donald Fleming submitted some suggested changes in the contract with Tighe & Bond. Mr. Sheridan thought that the suggestions were reason-

able and minor and probably would be agreed to by his firm's counsel.

NEW SPEED SIGNS INSTALLED

In response to Norman Shachoy's request for posting of speed limit signs on Prospect Road, Selectmen announced that the signs are now in place. A sign reading 20 M.P.H. Children has been posted on Prospect Road going south. On Prospect Road going north at Angelica Avenue a sign reads 20 M.P.H. Blind Drive.

DELEGATION ASKS SPEED CONTROL

A group of residents from Mattapoissett Shores met with Selectmen to complain about the posted speed in that area. The spokesman for the group said that the road is only 16 feet wide in many places, little wider than his driveway. He said that 25 miles per hour in this width of road is excessive and dangerous on the sharp curves. Selectmen William Hubbard said that he had traveled the road with the traffic engineer sent by the Mass. D.P.W. and that this official had refused flatly to relocate any of the speed signs or to change any of the State regulations of the speed. Chairman Blasdale explained that the town has no authority in speed zoning of town roads but must petition to the

BIDS FOR FENCE RECEIVED

Selectmen opened bids for replacement of split rail fencing at Shipyard Park. Two bids were received. Reliable Fence bid \$1290. for a fence with chestnut rails and locust posts completely installed. New Bedford Wire and Iron Works bid \$830. for a fence of all locust wood with gateposts of cedar. The bids were taken under advisement to study to determine whether the specifications have been met by both parties and whether both prices include installation.

BEFORE YOU DRIVE A MOTORIZED BICYCLE, DRIVE A DEALER CRAZY.

1. Ask him whether you get single or dual chain drive. (Motobecane has two drive chains, so you scoot up steep hills others can't climb.)

2. Measure the wheelbase. (Motobecane's longer wheelbase means a smoother ride.)

3. Measure the rims and tires. (Motobecane has the largest. More rubber on the road means safer handling, longer tire life.)

4. Don't just kick the tires; check out the name. (Michelins are standard on Motobecanes. Others take what they can get.)

5. Ask about the clutch and exhaust. The clutch is automatic, and built in. The exhaust is safely out of the way.

6. Spare parts? Most dealers send away, while you wait. (Motobecane dealers maintain complete factory inventory.)

7. Check accessories. (Motobecane offers the widest choice, all designed by Motobecane.)

8. Ask the dealer if he has a factory-trained mechanic. (Motobecane dealers send their mechanics to the Motobecane Service School for a full week!)

9. Only Motobecane dealers give you a choice of 5 models, including the Motobecane Horse that delivers up to 218 mpg.

These are some of the reasons why there are now 20 million Motobecanes on the road. Join them! Priced as low as **\$319** plus dealer prep and delivery.

Many of the children, as well as all of the library staff, came in costume. Library Trustees Bea Johnson and Constance Pallatroni judged the costumes. Terry Egan was judged funniest (he was an upside down man), Julie Holden as a witch was scariest, Bridget Egan as a flower girl was most original, and Sarah Perkins was judged most attractive as a pilgrim.

The following children were awarded certificates: Under 25 books read, Heather Anderson, David Barrows, Catherine Bar-

SENIOR SATURDAY SERIES - AUGUST 28

The fine sailing combination of summer skies and strong 15-mile per hour SW winds (often gusting higher) sent the two divisions entered August 28th in MYC's August Senior Saturday Series briskly on their way.

In their first race the Beetle Cats headed for the markers at Molly's Cove, Shining Tides, Barnard's Wharf and then to finish.

A typical competitive start! Or so it seemed. But, unfortunately Dave Jenney in Ariel was over the line too soon and had to be recalled. Harvey Pentleton's Swamp Fox then was out front with Bill Cornish's Barby Jo and J. K. Baylow's Lightning Bug in persistent pursuit. But Dave Jenney, over the line once again, began to move up. At the two-thirds point on the first windward leg, he passed the other skippers of the little fleet and continued on to win. Harvey Pentleton, in second place, bested Cornish by 13 seconds.

The course was longer in the concluding Beetle Cat race, repeating the same four legs as before, but adding a second run to Molly's Cove before returning to finish.

This time the action was quite different. From the beginning the contestants were spread out and continued to follow that pattern throughout, with Dave Jenney's Ariel ahead, followed by J. K. Baylow's Lightning Bug, and Bill Cornish's Barby Jo. And so it went to the end - 1:37 and 2:00 separating them.

Ned Watts and Toby Burr shared the afternoon's honors in the Laser division. Arthur Bond stacked up two-thirds.

You'll like our interest in your account

The trouble with saving money in a mattress or an old sock is that you lose interest.

You can also lose interest by putting your money in a bank that pays lower interest rates than NBIS.

We pay higher rates than most banks. And it's compounded continuously. Not quarterly, not monthly, not weekly, but continuously. That gives you a little *extra* interest.

Here are the interest rates we pay on various kinds of savings, with the effective annual rate. Compare them with what your bank pays.

Or what your mattress pays.

Type of Savings	Rate Per Annum	Effective Annual Rate
Regular Passbook	5 1/4 %	5.47 %
90-Day Notice	5 3/4 %	6.00 %
1-2 1/2 Year Certificates* (\$1,000 minimum)	6 1/2 %	6.81 %
2 1/2-4 Year Certificates* (\$1,000 minimum)	6 3/4 %	7.08 %
4-year Certificates* (\$1,000 minimum)	7 1/4 %	7.63 %
6-10 year Certificates* (\$1,000 minimum)	7 3/4 %	8.17 %

*Withdrawals from Certificate accounts before maturity carry the following penalty: the amount withdrawn will earn the existing regular savings account rate and in addition three months interest must be forfeited.

A penny saved is a penny earning.

Honorable George Rogers

Dear George:

May I take this opportunity to express my sincere thanks for the valuable services you have rendered to our Town during the past 20 months you have been our representative to the State Senate. The kind of full-time representation you have brought to Mattapoisett has not been available in the past, and it is an important service that we need in the future.

As a member of the Board of Selectmen, I can personally attest to the close working relationship our Board has enjoyed with you. I know that you are fully aware of our needs and problems, and I particularly appreciate your policy of consulting our Board for its views prior to casting your vote on issues which affect us. We are also most grateful for the services you have performed for other Town departments and, of course, for making yourself available on your Tuesday night visits to all residents of the Town.

With best wishes for success in the up-coming election on September 14th, I remain,

Very truly yours,

Bill Blasdale

Left-Handed Compliment

If you are visiting Scotland and are described as "corriefisted," don't take it as an insult. All it means is that you are left-handed.

The origin of "corriefisted" goes back to a Scottish family called the Kerrs. Every member of the Kerr Clan was born left-handed.

So, when the Kerrs built their small castles, they had the stairways built in the opposite direction to the general pattern. Normally, you climb on the right. With the Kerrs, you had to go up on the left.

ST. ANTHONY'S C.C.D. TEACHERS

There will be a training session for all St. Anthony's C.C.D. Teachers on Thursday, September 9, from 9:30 A.M. to 12 Noon in the Church Hall. Please bring textbooks and class lists. Babysitting will be provided.

Youth Hockey

A final reminder about the registration for Rochester Youth Hockey to be held on Friday, September 10, 7 to 8:30 P.M. at the Rochester Memorial School, Pine Street, Rochester.

The Stephen Hetland Memorial Rink (formerly Moby Dick) will open September 11 with the following Divisions having the ice at the following times: Mites (ages 6-7-8) 4 to 5:30 P.M.; Squirts (ages 9 & 10) 5:30 to 7 P.M.; Peewees (ages 11 & 12) 7 to 8:30 P.M.; Bantams (ages 13 & 14) 8:30 to 10 P.M. All of these times are for Saturday evenings.

On Monday evenings the Midgets (ages 15 to 17 - must not be over 17 by December 31) will skate from 7 to 9 P.M.

These practice sessions will continue until the first part of October. At this time practice games will be held until November, when the season will start for Rochester Youth Hockey. The regular game season

starts November 6th, at which time final rosters for the teams will have to be submitted by the coaches.

The clinic will be held starting September 12 from 12 to 2 P.M. with the composition of the clinic being made up of all first year skaters and all other skaters who have not been assigned and listed on a team roster.

Equipment required will be hockey skates, helmets, sticks, padded gloves and pants, shoulder pads, shin pads, athletic supporter with cup, elbow pads, mouth guard and stockings. The stockings RYHA uses are the 'Red Wing' stockings. Face shields or full face cages are left up to the individual on a voluntary basis and are not mandatory.

RYHA skating programs are designed to let all children participate no matter what their ability may be.

Further information may be obtained by contacting either Bill Leggett or Buzz Clarke in Marion; Ralph Sanford or Dan Lee in Mattapoisett; Tom Gayoski, Woody Hartley or Slim Bernier in Rochester. This comprises the Board of Directors for Rochester Youth Hockey Association.

BICENTENNIAL AMERICA COLONEL WASHINGTON WINS HIS FIRST BATTLE

Few people in America realize it but an area of America called Penn's Southwest has had a tremendous impact on America's history. It was here that George Washington, then a colonel in the British Army, won his first battle.

On or about May 24, in the year 1754, Washington and his men, seeking a short cut to the forks of the Ohio River, were camped in an area known as Great Meadows (near present-day Farmington in Fayette County). He received a message that an armed body of French were in the area and were "resolved to strike the first English they see".

On the basis of this intelligence Washington assumed he was about to be at-

tacked. He took 40 of his men and surrounded the French. What happened next is still a matter of dispute, depending largely on whether the story is told by French or Americans or English. It does seem that Washington accidentally revealed himself at the edge of a ravine, that the French saw him, shouted a warning, and ran for their muskets. Washington ordered his men to open fire and when the battle was over 10 Frenchmen lay dead and Washington found himself with 21 prisoners.

Thus in the backwoods of southwestern Pennsylvania was touched off the last and greatest of the French and Indian wars (1753-1760), called the Seven Years' War in Europe. Today, within a

"These courses", said Senator Rogers, "will offer invaluable information on how to cut back on our home heating costs, and will allow participants to not only stay warm this winter, but to do so at the lowest cost. They will be conducted in two sessions of three hours each, and will feature instruction of proper insulation, caulking, weatherstripping, and related techniques." Mr. Joseph Botelho, an industrial arts teacher, will instruct the course at Dartmouth High School. The course at Old Rochester Regional High School will be taught by an instructor of chemistry, Mr. Richard Setteducati. Instruction at New Bedford High School will be provided by Mr. Kenneth A. Ellis, currently an instructor in chemistry at New Bedford High School.

things—marshmallows, strawberries and frozen dessert topping, delicately flavored with light rum. A crust of bite-size crispy rice squares complements both its flavor and texture.

STRAWBERRY DAIQUIRI PIE

CRUST: 4 cups Rice Chex cereal crushed to 1 cup
1/4 cup sugar

1/3 cup butter or margarine, softened

FILLING: 2 teaspoons unflavored gelatin

1/3 cup milk

20 large or 2 cups miniature marshmallows

1 3/4 cups chopped fresh strawberries
(about 2 1/2 cups whole berries)

1/4 cup sugar

1/3 cup light rum

2 cups thawed frozen whipped topping

Red food color (optional)

CRUST: Preheat oven to 350°. Butter a 9-inch pie plate. Combine cereal crumbs and 1/4 cup sugar. Mix in butter until evenly distributed. Press evenly onto bottom and sides of pie plate. Bake 7-9 minutes, or just until lightly browned. Cool completely.

FILLING: Soften gelatin in milk in saucepan. Heat over low heat to dissolve gelatin. Add marshmallows. Heat and stir until marshmallows are melted. Remove from heat. Cool slightly. Combine strawberries and 1/4 cup sugar. Add to gelatin mixture with rum. Chill, stirring occasionally, until mixture mounds when spooned. Beat on high speed of electric mixer until fluffy (1-2 minutes). Beat in topping on low speed. Add red food color if desired. Spoon into cooled pie shell. Chill until set (about 2 hours). Garnish with additional whipped topping and fresh strawberries if desired. Makes 1 (9-inch) pie.

POINT CONNETT CHILDREN'S ACTIVITIES

The annual Swim Meet was held August 22nd under the direction of Mark Fornaciari, instructor, and Beth Dunn, assistant instructor.

Winners with the most total points were: Girls - Becky Dunn; and Boys - David Dunn. Winners of the 1/4 mile were: Bob Cooke, first; Mark Touhey, second; Tim Dunn, third. Plaques for Most Improved were given to Janine Forrest and Tim Neilan.

NEW BREED OF LOCAL OFFICIAL:

Local elected officials are younger than their counterparts were four years ago and face a considerably tougher job, at least according to the Massachusetts League of Cities and Towns.

The League's profile of typical mayors, selectmen, city councillors and aldermen is drawn from the mass of material collected for its annual Municipal Directory being prepared for mid-September publication.

These younger elected officials (43.1 years old as compared to 46.4 years in 1972) head up larger and more complex government units with more overall em-

ployees and a larger staff of specialists and have to deal with increasingly strengthened and well organized municipal unions.

In addition, League figures show cities and towns across the state "almost uniformly in a spiral of growth", causing greater demands on local government for services. Of the 351 communities in the state, 314 grew in population between 1965 and 1975. Cities show an average growth rate of 7%, but towns in the Commonwealth are clicking off a growth rate of 29%, the League material details.

The elected local official circa 1976 is dealing with an increasingly professional staff, with cities and towns having added

either executive secretaries, town managers, building commissioners, comptrollers, data processing managers, dog officers, human services directors or some combination of the above to their payrolls since 1972.

Also showing up more frequently are personnel directors to deal with the problems presented by 308,300 public employees (67,000 more than 1968).

CHARLIE DECAS

Republican Candidate for
**STATE
REPRESENTATIVE**
7th Plymouth District

CARVER, MATTAPOISETT,
MARION, WAREHAM

● 12 YEARS PUBLIC OFFICE

● INCUMBENT WAREHAM SELECTMAN

"I'm Charlie Decas and am asking for your support for my election as your Representative of the 7th Plymouth District to the General Court. I do so because of a sincere belief that I possess the necessary qualities and have the best background and experience for this important position. I assure you that I would not take this office lightly, nor do I ever put forth anything less than my very best effort in any job I undertake. Even my opponents will have difficulty disputing my accomplishments, or record of attendance and involvement as Selectman, and in other civic affairs - for all of which I have felt a deep sense of responsibility."

(Statement made by Charlie Decas when he announced his candidacy.)
